ENDS A MYSTERY.

Chemist Rawling Finds no Evidence of Poison in the

ORGANS OF LATE MRS. BOWERS

And as a Consequence the Authorities Have Decided to Drop any Prosecution—Ella McCurdy was Released from Custody Yesterday Afternoon by Judge Huges on Habeas Corpus Proceeding.

The cause of the death of Mrs. Harry Bowers, nee Miss Maggie Bero, an event which created a sensation in this community a few weeks ago, will likely remain a mystery.

Chemist Rawling has made his report to Prosecuting Attorney Meyer and Coroner Schultze. He finds that there was nothing in the organs of the dead woman, which he subjected to a severe examination and complete analysis, to indicate that any poison had been introduced into her system. The result of the examination comes as a surprise to many people. Prosecuting Attorney Meyer and Coroner Schultze conferred, and it was decided that the latter would go through the formality of holding an inquest to-day. The coroner's jury examined the body before its interment, and will now merely meet and probably bring in a verdict that Mrs. Bowers died from an unknown cause.

Attorney T. M. Garvin yesterday afternoon instituted habeas corpus proceedings before the criminal court in behalf of Mrs. Ella McCurdy, who was arrested for alleged complicity in the death of Mrs. Bowers. She was thereupon released upon her own recognizance to appear at the next term of the criminal court.

E. J. Clark, who was under detention at the jail, as a material witness, was discharged from custody.

If Coffee Digests

All is well. About one person in three suffers some form of bodily ail that gradually disappears when coffee is left off entirely.

Then "what to drink?" is the question. Postum Food Coffee is the nearest approach in taste (identical when carefully made) but instead of being a drug, it is the highest form of nourishment, fattening and strengthening babies, children and adults.

STRIKE AT THE LA BELLE.

The Plate Mill men at Loggerheads With the Management.

The La Belle plate mill employees, including the shearmen and helpers and hot bed men, went out on strike yesterday morning on account of a difference with the management regarding an increase in wages. The men have been paid \$1 35 and \$1 40 a day, and they want an increase of 15 cents on the day.

The wage increase is only one of the differences, there being another, and in fact the greatest bone of contention, the date when the increase is to take effect. It is understood that the men refused to wait until May 15, at which time the higher wages were to be paid, they holding out for the increase this week. As a result the mill was idle yesterday. The company claims it pays its men more now than the Belmont does.

In yesterday's Intelligencer, the La Belle advertised for 100 men, a step taken after the conference of the employees with President Wright on Sunday. There has always been a spirit of harmony between the employees and management of the La Belle, and it is expected they will shortly effect an amicable agreement.

Laborers Strike.

About half of the forty laborers employed in cleaning up the yards of the North Wheeling pottery, now known as the Riverside, struck yesterday for an increase in their wages of from \$1 25 to \$1 50 a day. The demand was refused. Then the men offered to compromise at \$1 35, which was also refused. Not all the men quit work.

BRIEF MENTIONINGS.

Events in and About the City Given in a Nutshell.

The committee on accounts meets this evening at 7:30 o'clock. Auctioneer C. S. Greer yesterday sold William Burley's interest in John G. Kline's saloon, for \$35.

The Turtle Dove Club, will give a dance and cake walk at Letzkus' hall, corner Market and Twenty-fourth streets, this evening.

Yesterday, in the circuit court, Judge Hervey, the case of the Van Camp Iron Company vs. the Whitaker Iron Company was put on trial before a jury.

Yesterday morning twenty-five iron carriers at the Top mill struck for higher wages. The strike was rather abrupt and it is expected to be settled to-day.

Zane street M. E. Sunday school has appointed Rev. E. D. Hanna delegate to the state convention, to be held at Charleston to-day and to-morrow. Mrs. J. F. Rose is the alternate.

The funeral of Miss Mary A. Dehmel, of Maryland street, Island, whose death occurred early yesterday morning, will take place from the family residence this afternoon at 2 o'clock.

Mrs. Mary A. Lewis, widow of the late Washington Lewis, whose death occurred recently, died yesterday morning, in the sixty-ninth year of her age. The funeral takes place Wednesday afternoon at 2:30 o'clock.

Great preparations have been made for the grand military ball at Turner hall, to be given Thursday. The cake walk promises to be one of the finest ever seen in the city. The cake offered as a prize will be on exhibition at House & Herrmann's.

In Judge Paull's side of the circuit court yesterday, in the case of H. T. Ford vs. the receivers of the Baltimore & Ohio railroad, there was a trial; the evidence for the plaintiff was excluded, and the jury brought in a verdict for the defendant. There was a motion for a new trial. The case of R. M. Manley vs. the Stolze Brothers Company was then put on trial and will continue through to-day.

The death occurred yesterday morning of Mrs. Alice Frazier, wife of James Frazier, and the funeral will occur from the family residence, at the corner of Chapline and Twenty-eighth streets, to-morrow afternoon at 2 o'clock, with interment at Mount Olivet cemetery. Mrs. Frazier had been ill for several weeks of grip and was removed to the city five weeks ago, but complications that proved fatal ensued.

WHAT STATISTICS HAVE PROVEN!

What Medical Science Has Accomplished

THIS GREAT DISCOVERY IS OFFERED FREE TO INTELLIGENCER READERS.

Statistics prove that more people are brought to the grave by diseases of the kidneys and bladder than by any other disease.

Kidney trouble is in itself so insidious and deceptive that thousands have some form of it and never suspect it.

For many years medical science has been trying to discover some remedy that would positively overcome these dangerous troubles.

But not until recently was the discovery made. Doctor Kilmer, the eminent physician and scientist, after years of study and research, and after test on test that never varied in the grand result, announced the discovery of Swamp-Root, which has proven itself a most wonderful cure for all diseases of the kidneys and bladder.

While Swamp-Root has proved such a remarkable success in curing kidney and bladder diseases, it has also proved equally invaluable in the cure of blood diseases, rheumatism, liver and stomach troubles and in the regulation and cure of all uric acid troubles.

Swamp-Root has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief, and has proved so successful in every case that a special arrangement has been made by which all readers of the Daily Intelligencer who have not already tried it, may have a free sample bottle of Swamp-Root and thus test for themselves its wonderful curative properties.

If you will send your name and full address to Dr. Kilmer & Co., Binghamton, N. Y., a sample bottle will be sent, absolutely free by mail post-paid, also a book telling more about Swamp-Root and containing some of the thousands upon thousands of testimonial letters received from people who owe their good health, in fact, their very lives, to the wonderful curative properties of Swamp-Root.

This great modern discovery is for sale at most drug stores, in fifty-cent and one dollar sizes. Don't make any mistake, but make a note of the name, SWAMP-ROOT, Dr. Kilmer's Swamp-Root and remember that it is prepared only by Dr. Kilmer & Co., Binghamton, N. Y.
